EXPERIENCE

Shopify- Developer

Jan 2025- Nov 2025

RankWrap Solution.(<https://rankwrap.com/>)

- Developed and customized Shopify e-commerce stores using Liquid, HTML5, CSS3, and JavaScript, focusing on performance and conversion optimization
- Built and modified Shopify themes (custom & premium), including homepage sections, product pages, collection layouts, and cart experiences
- Implemented business-driven features such as product filtering, custom collections, discount logic, upsell/cross-sell sections, and checkout enhancements
- Integrated Shopify apps, payment gateways, shipping methods, and third-party APIs to support marketing and sales operations

Shopify- Developer

Nov 2025- present

Openlimits.(<https://openlimits.in/>)

- Designed user-centric and visually engaging interfaces for web and mobile applications, focusing on usability, accessibility, and modern design standards
- Created wireframes, user flows, and high-fidelity UI designs using tools like Figma / Adobe XD, translating business requirements into intuitive user experiences
- Worked on UI layouts, color systems, typography, and design components to maintain brand consistency across platforms
- Improved UX through research, usability analysis, and feedback, optimizing navigation, interaction flow, and conversion paths

PROJECTS

Shopify Developer Project – KidzeeHub

- Developed and customized a Shopify-based e-commerce store, focusing on smooth product browsing and conversion-optimized shopping experience
- Designed a fully responsive and user-friendly storefront UI, ensuring seamless usability across desktop, tablet, and mobile devices
- Implemented product listings, collections, variants, and categories using Shopify Admin and Liquid templates
- Customized cart and checkout experience, supporting order placement and customer-friendly purchase flow
- Integrated Shopify payment workflows (test/live mode) and handled order lifecycle management through Shopify Admin

Shopify Developer Project – Ajjars

- Developed and customized a Shopify e-commerce store with a focus on clean UI, smooth navigation, and conversion-oriented design
- Customized Shopify themes using Liquid, HTML, CSS, and JavaScript to match brand identity and business requirements
- Implemented product listings, collections, variants, and filters to improve product discovery and user experience
- Designed a fully responsive storefront, ensuring seamless performance across desktop, tablet, and mobile devices
